## THE MEMORIAL CENTER

As usual, Bonnie and Mike are keeping the Memorial Center in pristine condition. Our latest “fiasco” is the roof on the Babnick building. The roof, which has been on this building since it was built in the mid 50s, started leaking about a month ago. The people who have looked at it say that we are going to have to have a totally new roof. Welcome to the Memorial Center and the maintenance of all these older buildings and structures! Thank goodness we have Bonnie and Mike to take care of it and that we have an Endowment Fund to pay for it.

## FOUNDATION BUSINESS

In this newsletter are the minutes of the Board Meeting and of the General Business Meeting. Simply read the minutes of both the Board Meeting and the Business Meeting and you will know everything about what is going on with your Foundation.

## FOUNDATION WORKSHOP AND MEETING

The workshop that was held before the meeting was attended by 43 orthodontists who enjoyed moving teeth in wax without the benefit of hot water! Believe it or not, it worked fine!. The people who presented material at the workshop and at the meeting were absolutely fabulous. This newsletter also includes a lot of pictures from our meeting. It was a joyous occasion; the camaraderie was absolutely wonderful. President Mann did a fabulous job with the meals, the activities and the ambience.

## BOARD OF DIRECTORS MEETING MINUTES

### Old Business

President Mann informed the Board that due to COVID the terms of some Board members were extended as well as the term of the President and the President-Elect. Not extended two years were the terms of the six remaining Board members. He asked the Board for a motion to extend the terms of these Board members for another two years so that there would be no need to elect six members to the Board instead of three. The following motion was made by Dr. Vaden and seconded by Tommy Gebeck.

Motion: The Board members whose terms were to expire in 2022 and 2024 have two years added to their respective terms. The motion was unanimously approved.

### New Business

#### Standing Rules

President Mann explained the new Standing Rules to the Board. These rules were sent to each Board member about nine months ago and were sent again right before the Board meeting. The new Standing Rules are attached to these minutes. After very little discussion, the following motion was made by David Bell and seconded by Elie Amm.

Motion: The proposed Standing Rules be approved by the Board of Directors of the Charles H. Tweed International Foundation for Orthodontic Research.

The motion was unanimously approved.

#### Bylaws Report

Drs. Mann and Vaden disseminated the redrafted bylaws. Dr. Vaden explained to the Board that these bylaws had been worked on by Drs. Ward, Roehm and himself and that all the work had been reviewed and changed in some areas by Dr. Van Greer. He stated that the biggest change in the bylaws was Article XIV – Dissolution. President Mann informed the Board that the bylaws will be presented to the membership and that approval of the bylaws requires a three fourths “yes” vote to even consider the new bylaws and then a three fourths “yes” vote of the membership to approve the bylaws.

#### Future Meetings

Dr. Fuqua led a discussion about future meetings. Because the Foundation's Endowment can no longer afford to pay for very expensive meetings, the consensus of the Board was a) have all scientific sessions at the Tweed Memorial Center, b) allow the President to select three hotels so that members can have a choice of lodging. One of these hotels will be designated as the headquarters hotel. At that hotel the President would have the Thursday night reception and the Saturday night President's Dinner. The following motion was made by Tommy Gebeck and seconded by Shannon Owens.

Motion: The next three consecutive biennial meetings be held in the manner described – scientific sessions at the Memorial Center and choices of hotels with one hotel designated as the headquarters hotel where functions may be held.

The motion was unanimously approved.

#### Student Loan Tuition

Secretary Vaden informed the Board that the student loan limit needs to be increased from \$1,700 to \$1,900. The reason for this request is that tuition for the Courses in 2023 will be \$1,900 for students and \$2,200 for graduate orthodontists. The following motion was made by Kelly Klontz and seconded by David Bell.

Motion: The student loan limit should be raised from \$1,700 to \$1,900.

The motion was unanimously approved.

#### Secretary/Treasurer Election

President Mann informed the Board that it elects the Secretary/Treasurer every four years. He asked for a motion that Secretary Vaden be re-elected. The following motion was made by Shannon Owens and seconded by Tommy Gebeck.

Motion: That James Vaden be re-elected as Secretary/Treasurer of the Charles Tweed Foundation.

The motion was unanimously approved. After the vote Secretary Vaden informed the Board that it was his hope that he could find someone within the next two years whom the Board could appoint as Secretary/Treasurer.

SCENES FROM THE 33RD BIENNIAL MEETING

## TWEED STUDY COURSE

The Tweed Study Course continues to do well. We have made every effort to include younger instructors in the instructing staff. This effort will be more and more evident over the next several Courses. The instructors for each Course in 2023 have been notified and are ready to go. We will use more younger people in 2024 and are very pleased with the way the transitions with the Courses are developing.

In this newsletter are photos from the September 2022 Courses with our young instructors; one of whom was a bright and shining star!
